From time to time, we will announce a Live Life Good "extra point opportunity."

These are limited-time offers to earn extra points as a reward for doing good. For example, helping us donate to a worthy cause, leaving us a review, sharing an act of kindness or story, and more.

DARN FINE PRINT

Rest assured, it's mostly common sense. You're welcome to redeem as you go or save up for a shopping spree or something new. MO MJ Patient card eligibility requirements and purchase limits still apply. Rewards will periodically change based on supply, availability, and to offer you new goods. Supply or changes may occur with minimal or no notice, and point structure may change as the market stabilizes or software changes, but we will make every effort to transfer points without interruption. No cash back or cashback value. Points are non-transferable and tied to your patient ID number for compliance purposes. Rewards redemption is deducted before any eligible Community Engagement Discounts are applied. Our in-house POS system will reflect your real-time and final points.
